BOLTON WANDERERS FOOTBALL CLUB

Gender Pay Gap Report 2017

The figures set out below have been calculated in accordance with Gender Pay Gap legislation and illustrate an honest and open reflection of the Club's workforce at the snapshot date of 5th April 2017. The number of individuals employed by the Club at this date under the parameters of Gender Pay Gap was 419, of which 80.42% were male and 19.58% were female. This takes into consideration members of the workforce who are employed on a match day and/or casual basis.

Mean hourly pay difference	61.97%
Median hourly difference	3.20%
Mean bonus pay difference	97%
Median bonus pay difference	-24.60%

Percentage of employees receiving bonus pay:	
Male	17.4%
Female	3.5%

Proportion of Employees in each Quartile Pay Band		
Pay Quartile	Male	Female
Lower (104 employees)	74.04%	25.96%
Lower Middle (105 employees)	80%	20%
Upper Middle (105 employees)	77.14%	22.86%
Upper (105 employees)	90.48%	9.52%

Bolton Wanderers Football Club is a member of the English Football League and therefore exists in an industry that has historically employed a higher number of males than females. The above statistics therefore reflect the fact that the football club employs a playing squad comprising a large number of highly paid male individuals.
